Handbook Purpose

The Master's Programs Office has developed our Student Handbook to introduce you to the policies, procedures, and requirements of graduate study at the Rossier School of Education at the University of Southern California. We hope it is a helpful guide as you navigate through the various sources of information regarding graduate life at USC. It serves as an introduction to your program and contains important information to help you progress through the program, including relevant department policies and procedures.

Please know that it is your responsibility to read this handbook and familiarize yourself with its content prior to the beginning of the program. Whenever you have questions about program policies, procedures, or requirements, please contact your academic advisor, the curriculum coordinator, or the director. These individuals will be able to clarify matters for you.

Please note that you should also consult other sources of information, such as the *USC Catalogue*, and the *SCampus*. All students in the LDT program are subject to policies and procedures noted in these publications; they should be considered supplements to this handbook.

The *USC Catalogue* is the document of authority for all students. The degree requirements listed in the *USC Catalogue* supersede any information that may be contained in any bulletin or viewbook of any school or department. The university reserves the right to change its policies, rules, regulations, and course offerings at any time. The catalogue that is in effect during the semester in which you are first enrolled as a student is your guide to program requirements. It is highly recommended that you become familiar with the *USC Catalogue* and the policies that govern your particular year of entry, especially since a new version—along with program changes and updates—is issued each Fall term. USC Catalogue is available online at <http://www.usc.edu/catalogue>.

SCampus, which can be found online at <http://scampus.usc.edu>, is an annual publication that contains both general guidebook information for students and university policies concerning student conduct, administrative procedures, and student rights and responsibilities. Students are responsible for understanding and abiding by policies contained in *SCampus*.

MPO Handbook Top 10

While we've included quite a bit of information to make this handbook as comprehensive—and useful—as possible, students may just need a quick answer or easy reference, so we've compiled a Top 10 list for some frequently used information.

10. **Department of Public Safety (DPS):** Suspicious activity or safety problems should be reported to DSP, USC's on campus safety department. Emergency calls should be made to (213) 740-4321 and non-emergency calls to (213) 740-6000. TrojansAlert is an emergency notification system that allows university officials to contact you during an emergency by sending messages via text message and email. LDT Program Overview

The LDT program is designed for individuals seeking career or advancement opportunities in two- and four-year postsecondary institutions, with a focus on academic counseling and advising. The program blends a counseling-based theoretical foundation with practical applications in student affairs in preparing graduates to serve as practitioners who promote and facilitate educational attainment in a range of postsecondary settings. Courses in the LDT program examine the roles of counselors and advisors within the various contexts of higher education, while focusing on the salient issues and needs of the diverse student populations they serve.

Program of Study

A total of 48 semester units are required for the completion of the ME in L which can be completed on a full-time basis (3-4 courses per semester) in 5 semesters. Students opting for the part-time enrollment track will take an average of 2-3 courses per semester, typically completing the degree in 8 semesters.

Fieldwork Experiences

Fieldwork is a required component of the LDT program intended to provide students with supervised experience in professionally relevant functional areas within two- or four-year institutions. Students may begin their field experience after the first semester of enrollment in the LDT program, and a total of 210 hours are required prior to the completion of the program. As they complete these hours, students maintain concurrent enrollment in a Fieldwork course (total of 3 units required; 1 unit = 70 hours), which serves as a structured and deliberate means for them to reflect on their field experiences, connect theory to practice, and strengthen their professional philosophy and identity.

During the first week of fieldwork, you will work with your site supervisor and fieldwork instructor to identify your goals. These goals will incorporate your values, your hopes for your future career, the professional competencies you would like to work on, and possibilities for building professional networks. With your goals in mind, you will then create a list of specific tasks and services you will perform and identify specific persons to interview. Site supervisors are expected to involve you in all aspects of work life, so that you can develop a full picture of what they do, become a part of their community, and make valuable contributions at the site.

Professional Conduct

Master's Programs students shall demonstrate professional behavior, commitment, responsibility, and professional ethics. Professional conduct includes the demonstration of respect, tolerance, maturity, responsibility, reliability, cooperation, collaboration, and commitment. Master's

Programs students are expected to follow University policies as described in the USC Catalogue and procedures described in this handbook. Students who are accepted for admission to the LDT program at the University of Southern California are responsible for meeting high standards of personal conduct expected of professional educators, including, but not limited to the following:

- Respect for all individuals; treating others fairly and impartially;
- Commitment to working collaboratively; and
- Ethical character demonstrated by trustworthiness, integrity, open-mindedness.

To ensure that Master's Programs students possess the characteristics necessary to become successful practitioners, students' coursework and fieldwork/practicum are monitored by MPO (Master's Programs Office) Faculty and Staff throughout the duration of the program.

Standards for Continued Participation

To continue to participate in the LDT programs students must

- Be familiar with University standards as outlined in the *USC Catalogue* and *SCampus*;
- Maintain successful academic standing by maintaining a grade point average of a B (3.0) or better; and passing all classes with a grade of Credit (CR);
- Behave in a manner expected of professional educators;
- Attend all class sessions;
- Arrive on time to fieldwork/practicum on the days assigned or agreed upon;
- Make up for absences; and
- Meet the physical and mental demands of fieldwork/practicum.

Students will be considered for removal from the program if they

- Exhibit academic dishonesty as defined by the USC Catalogue;
- Fail to meet the standards of the profession, school, university and/or program; or
- Exhibit unacceptable academic or field behaviors.

For further information on student conduct and consideration for removal, please refer to Appendix A which is located at the end of the handbook. Please read it thoroughly, as it is a contract that must be signed by you, the student, and returned.

Unprofessional or Disruptive Conduct

If a student's actions call into question his or her professionalism, policies and procedures are in place to resolve difficulties and determine consequences.

If the behavior of a Master's Programs student is disruptive or unprofessional in a university course or with a university faculty member, the faculty member shall first try to resolve any

difficulties with the student. Failing that, the faculty member shall inform the Program Chair of the Master's Programs Office.

The Program Chair will attempt resolution of any difficulties. In some cases, however, problems may be so serious as to result in dismissal from the program. If dismissal for failing to meet professional standards is being considered, the student will be notified in writing of the concerns by the Program Chair and will have seven (7) days to respond. The student may respond by requesting and keeping an appointment with the Program Chair or by submitting a written response. After seven (7) days, regardless of whether or not the student responds, the Director will review all available information and make a decision about the appropriate University response. The response may include, but is not limited to, a plan for corrective action with continuation in the LDT programs, or it may include dismissal. The decision will be provided in writing to the Master's Programs student.

The student may appeal a dismissal. To do this, please visit the USC Graduate School website at https://www.usc.edu/schools/GraduateSchool/current_student_resource.html. Additionally, they can be reached at 213-740-9033 and are located in the Student Union (STU) room 301.

Academic Standards

Academic Integrity

The university as an instrument of learning is predicated on the existence of an environment of integrity. As members of the academic community, students are expected to act in a manner that will enhance this integrity by maintaining standards of academic performance and classroom behavior conducive to the learning process. A tutorial on academic integrity is available at <https://sjacs.usc.edu/students/academic-integrity/>

Violations of Academic Integrity

General principles of academic honesty include and incorporate the concept of respect for the intellectual property of others, the expectation that individual work will be submitted unless otherwise allowed by an instructor, and the obligations both to protect one's own academic work from misuse by others as well as to avoid using another's work as one's own. All students are expected to understand and abide by these principles.

One violation of academic integrity of which you may be unaware is using an essay, term paper, or project in more than one course, without prior permission of both instructors. By its very nature, writing involves both individual and collaborative activity. Even when a piece of writing has but one author, that author employs a language system that is shared with others and draws upon ideas and values that are not his or hers alone. Indeed, one of the most important parts of becoming a writer within the academic community is learning how to balance the obligations of individuality and collaboration.

As a graduate student writer, you are expected to use writing to develop and assert your own ideas and beliefs—to think for yourself. But at the same time you are expected in college writing to engage the thinking of others, to place your own writing within the context of academic discourse by using or criticizing arguments from that discourse. This double obligation provides a framework in which to discuss two important issues of academic integrity: plagiarism and illegitimate assistance.

Plagiarism

Plagiarism is the unacknowledged and inappropriate use of the ideas or wording of another writer. Plagiarism undermines the intellectual collaboration—the exchange of ideas—that should mark academic discourse because it permits the writer to avoid any genuine involvement with the concepts or opinions of others. Because the false discourse of plagiarism corrupts values to which the university community is fundamentally committed—the pursuit of knowledge, intellectual honesty—plagiarism is considered a grave violation of academic integrity and the sanctions against it are correspondingly severe.

Plagiarism can include:

- A. The submission of material authored by another person but represented as the student's own work, whether that material is paraphrased or copied in verbatim or near-verbatim form.
- B. The submission of material subjected to editorial revision by another person those results in substantive changes in content or major alteration of writing style.
- C. Improper acknowledgment of sources in essays or papers.

Note: Culpability is not diminished when plagiarism occurs in drafts which are not the final version. If any material is prepared or submitted by another person on the student's behalf, the student is expected to proofread the results and is responsible for all particulars of the final draft.

Illegitimate Assistance

The obligations to individuality and collaboration can also help to distinguish between legitimate and illegitimate forms of assistance with writing. Legitimate assistance is principally directed at the writing process, at helping to improve the individual writer's abilities rather than at "fixing" any particular paper. Legitimate assistance thus does not intrude upon the writer's obligation to think and write as an individual nor upon the obligation to engage the ideas and opinions of others. But illegitimate assistance with writing subverts both obligations. Such assistance is directed not at improving the writer's abilities but at producing a paper which those abilities could not independently achieve. Moreover, such assistance constitutes a fraudulent form of collaboration, one in which the contributions of one participant dominate and conceal the contributions of the other. Illegitimate assistance is thus similar to plagiarism in serving to undermine academic discourse and the intellectual values of the university community.

Avoiding Plagiarism and Illegitimate Assistance

Because of the serious penalties for plagiarism and illegitimate assistance at both the Program and University level, you should ensure that any writing you submit represents your own assertions and abilities and incorporates other texts in an open and honest manner. The best way to avoid plagiarism is to be careful to document your sources, even when you are only making use of data or ideas rather than an actual quotation.

To avoid having your writing marked by illegitimate assistance, ask yourself whether you would be able, on your own and without further assistance, to revise and improve the writing in question. If the answer is "No"—if you would not be able to maintain the same conceptual and stylistic quality without outside assistance—then you should not submit the writing as your own work.

Examples of Academic Dishonesty

In addition to matters of plagiarism and illegitimate assistance, there are several other types of academic dishonesty which are subject to strong university sanctions. They include, but are not limited to, the following:

- Submitting a paper written by or obtained from another;
- Using a paper or essay in more than one class without the expressed permission of the instructors involved;
- Allowing another student to use your work as though it was his or her own; and
- Acquisition of term papers or other assignments from any source and the subsequent presentation of those materials as the student's own work, or providing term papers or assignments that another student submits as his/her own work.

Distribution or use of notes or recordings based on university classes or lectures without the expressed permission of the instructor for purposes other than individual or group study

This includes, but is not limited to, providing materials for distribution by services publishing class notes. This restriction on unauthorized use applies to all information distributed or in any way displayed for use in relationship to the class, whether obtained in class, via email, on the Internet or via any other media.

- Any use of external assistance during an examination shall be considered academically dishonest unless expressly permitted by the instructor. The following are considered unacceptable examination behaviors: communicating with fellow students during an exam; copying material from another student's exam; allowing another student to copy from an exam; possession or use of unauthorized notes, calculator, or other materials during exams; and/or any behavior that defeats the intent of an exam or other class work.
- Submission of altered work after grading shall be considered academically dishonest, including but not limited to changing answers after an exam or assignment has been returned or submitting another's exam as one's own to gain credit.

- Obtaining for oneself or providing for another person a solution to homework, a project or other assignments, or a copy of an exam or exam key without the knowledge and expressed consent of the instructor.
- Unauthorized collaboration on a project, homework or other assignment. Collaboration between students will be considered unauthorized unless expressly part of the assignment in question or expressly permitted by the instructor.
- Attempting to benefit from the work of another or attempting to hinder the work of another student.
- Falsification, alteration or misrepresentation of official or unofficial records or documents including but not limited to academic transcripts, academic documentation, letters of recommendation, and admissions applications or related documents.
- Taking a course, portion of a course or exam for another student or allowing another individual to take a course, a portion of a course or exam in one's stead.

There are serious penalties for plagiarism. In most cases, students receive an F for the course, and doctoral students may be expelled. Students suspected of academic dishonesty will be referred by their instructor to Student Judicial Affairs and Community Standards (SJACS). After a review of a case—which may include written or verbal testimony from the accused student, supporting documentation from the referring instructor, and/or a statement from the referring instructor, SJACS will render its binding decision on the case. This decision includes whether the student is guilty of an academic integrity violation and corresponding sanctions.

Consult "Appendix A: Academic Dishonesty Sanction Guidelines" in SCampus for a complete listing of penalties.

Academic Warning and Dismissal of Graduate Students

The University and the Rossier School of Education require students to maintain a 3.0 minimum GPA at all times. **A student whose GPA falls below 3.0 for anyone semester will be on Academic Probation and will be subject to immediate dismissal at the discretion of the academic program until such time as the student's GPA overall rises above a 3.0.** You can check your overall GPA any time on OASIS to determine your status. Departments take factors other than satisfactory grades and adequate GPAs into consideration in determining a student's qualifications for an advanced degree. A student's overall academic performance, specific skills and aptitudes, and faculty evaluations will be considered in departmental decisions regarding a student's continuation in a doctoral degree program.

Satisfactory progress toward an advanced degree as determined by the faculty is required at all times. Students who fail to make satisfactory progress will be informed by their Program Office or committee chair or school dean. At any time after written warning, the faculty has the right to recommend that a student be dismissed from a graduate program for academic reasons or that a student be denied readmission.

Definition of Grades

The following grades are used: A = excellent; B = good; C = fair in undergraduate courses and minimum passing in courses for graduate credit; D = minimum passing in undergraduate courses; F = failed. In addition, plus and minus grades may be used, with the exception of A plus, F plus and F minus. The grade of F indicates that the student failed at the end of the semester or was doing failing work and stopped attending the course after the twelfth week of the semester. The minimum passing grade is C for graduate credit. Additional grades include: CR = credit (passing grade for non-letter-graded courses equivalent to B (3.0) quality or better for graduate courses); NC = no credit (less than the equivalent of a C- for an undergraduate and a B for a graduate, non-letter-graded course); P = pass (passing grade equivalent to B (3.0) quality or better for graduate courses taken on a Pass/No Pass basis); NP = no pass (less than the equivalent of a B (3.0) for a graduate, letter-graded course taken on a Pass/ No Pass basis). Pass/no pass courses may not be applied to your EC, MFT, LDT, or PASA degree.

The following marks are also used: W = withdrawn; IP = interim mark for a course exceeding one semester; UW = unofficial withdrawal; MG = missing grade; IN = incomplete; IX = lapsed incomplete; NR = no record.

A system of grade points is used to determine a student's grade point average. Grade points are assigned to grades as follows for each unit in the credit value of a course: A, 4 points; A-, 3.7 points; B+, 3.3 points; B, 3 points; B-, 2.7 points; C+, 2.3 points; C, 2 points; C-, 1.7 points; D+, 1.3 points; D, 1 point; D-, 0.7 points; F, 0 points; UW, 0 points; IX, 0 points. Marks of CR, NC, P, NP, W, IP, NR, MG, and IN do not affect a student's grade point average.

Grades of Incomplete (IN)

An incomplete (IN) grade is assigned only for unforeseen circumstances occurring after the deadline to withdraw from a course. If the student becomes aware of an obstacle prior to the deadline to withdraw from the course, the student is expected to withdraw rather than to request an IN.

Conditions for Removing a Grade of Incomplete

If an IN is assigned as the student's grade, the instructor will specify to the student and the Program Office the work remaining to be done, the procedures for its completion, the grade in the course to date, and the weight to be assigned to the work remaining when computing the final grade. A student may remove the IN by completing only the portion of required work not finished as a result of illness or emergency. Previously graded work may not be repeated for credit. It is not possible to remove an IN by re-registering for the course, even within the designated time.

Time Limit for Removal of an Incomplete

One calendar year is allowed to remove an IN in courses numbered 500 and higher. Individual academic units may have more stringent policies regarding these time limits. If the IN is not removed within the designated time, the course is considered "lapsed," the grade is changed to an "IX" and it will be calculated into the grade point average as 0 points. Courses offered on a Credit/No Credit basis or taken on a Pass/No Pass basis for which a mark of Incomplete is assigned will be lapsed with a mark of NC or NP and will not be calculated into the grade point average.

Extension of Time for Removal of an Incomplete

A student may petition the Committee on Academic Policies and Procedures (CAPP) for an extension of time for the removal of an IN. *Extensions beyond the specified time limit are rarely approved if the student has enrolled in subsequent semesters, since the removal of the IN should be the student's first priority.*

In all cases, a petition for an extension of time for removal of an IN must have departmental approval and include a statement from the instructor explaining what is needed to complete the course and why the instructor feels the student should be given even further time for completion. These petitions are initiated by the department.

Missing Grades

All missing grades on a student's record should be resolved before his or her degree is posted. Missing grades can be resolved by the instructor of the course through the correction of grade process initiated by the student in the Academic Review office in Student Administrative Services (JHH) 113. A student may petition for a retroactive withdrawal if he or she did not complete the course. After one year, all MG grades will revert to UW's worth zero grade points.

Commencement

USC has one commencement ceremony each year in the spring and provides a program listing all eligible candidates for that year. Students who are eligible for graduation during the fall, spring and summer semesters are listed in the May program.

Diplomas

Your diploma will be mailed to you upon verification of completion of all requirements. You will receive the diploma approximately four to six weeks after the end of your last semester at the permanent address you have listed on OASIS. If you have concerns regarding your diploma, you may telephone the Degree Progress Department at (213) 740-7070.

Your diploma will show your name exactly as it appears on OASIS. If you wish your diploma name to read differently, you can change your name at the Student Administrative Services building prior to completing all degree requirements. Please contact the Office of Academic

Records and Registrar at (213) 740-7070. Once you have been awarded the degree, the university cannot change your name for the diploma.

Academic Resources

Academic Policies

Students are expected to be familiar with university policies and to monitor their own academic progress. They should keep all records of official grades earned, degree requirements met, transfer credits accepted, and actions take on requests for substitutions or exceptions to university policies and regulations. Please refer to the *USC Catalogue* and *SCampus*.

Conditions of Admissions

Some students have been admitted with conditions attached to their admission. Students are to satisfy the conditions outlined in their letter of admission. Please review the conditions below:

- Enroll in a course of study approved by your Program Office, and earn a grade of at least 'B' (3.0 on a 4.0 scale) in all courses of enrollment during the first term of study. If you enroll on a part-time basis, you must earn at least a grade of 'B' in all courses of enrollment during the first two terms of study, and complete at least six units.

If conditions are not met, students will have an ADM 20 code placed on their Restrictions/Holds section their OASIS account. That code warns students that conditions have been attached to their admission. If students are unsure of what their conditions of admission are, they should confer with their appropriate Student Services Advisor to ensure they take as many of the courses as possible during their first semester so that they satisfy the conditions of admission.

The ADM-20 code will be removed once the condition is met. If the condition is not met within the specified timeframe, the hold will turn into ADM-21 and students are subject to dismissal from their degree program. Dismissal decisions are made by the Program Chair.

The Master's Program Offices offers in-house resources such writing advising to ensure the success of our conditionally admitted students. Our writing advisor, James Hayashi, can be contacted by email at jhayashi@rossier.usc.edu. Students who are conditionally admitted are encouraged to reach out to James early in their program to learn about the writing services available to them through MPO.

Satisfactory Academic Progress

Continuous Enrollment

Students admitted to a graduate degree objective are required to be enrolled at USC for fall and spring semesters each year until all degree requirements have been satisfactorily completed within the time limit. Graduate students who fail to register in any fall or spring semester are no

longer considered to be enrolled in a graduate degree program. After an unauthorized absence, formal readmission is required. Students who have been granted a leave of absence do not need to apply for readmission following the approved leave if they return for the semester immediately following the approved leave period.

Summer session is **NOT** a requirement. Therefore, if a student wishes not to attend summer classes during their program, they do not need to submit a leave of absence. However, we offer core courses during the summer, and students who choose not to attend summer courses will not be able to graduate within the prescribed full-time program of study.

Leave of Absence

Interruptions of enrollment can cause problems in the continuity of coursework within a student's graduate program and, therefore, leaves of absence are generally discouraged. A student in good standing and making satisfactory progress toward a degree who must interrupt studies for compelling reasons (e.g. sustained ill health) may petition for a leave for a stated period, usually not to exceed one year. Students who find it necessary to be excused from registration must request a leave of absence by the last day to drop or add courses for that semester. A student is not entitled to assistance from the faculty or use of university facilities during the period of leave. If granted, the leave is recorded on the student's transcript and the period of leave is not counted in the time allowed for the completion of degree requirements. A maximum of four semesters may be allowed for leaves of absence within the degree time limit. A student who does not return to enrolled status at the end of an approved period of leave is no longer considered to be pursuing an advanced degree. Students who fail to apply for a leave of absence or for whom a leave has been denied (or has expired) are subject to policies governing continuous enrollment and readmission. All leaves of absence applications must be submitted to the Director for review and approval. Please note that Withdrawing from all courses in a semester, even if you were once registered for that semester, will cause you to break continuous enrollment.

If a student needs to request a Leave of Absence, the Master's Program will review the request and make appropriate recommendations. Before going through the process, please, contact MPO at 213-740-1518 or by emailing the office at rsoempo@rossier.usc.edu.

Readmission

A student who leaves the university without obtaining a formal leave of absence from graduate study is not automatically readmitted. A student wishing to apply for readmission must submit a Petition to the Master's Programs Office at least four weeks before the first day of registration for the term in which resumption of studies is sought. If readmitted, the student will be subject to all of the current requirements for the degree in effect at the time of readmission. Contact your academic advisor to begin the petition process.

Concurrent Enrollment

Students may not register for credit at USC and another institution simultaneously without receiving permission in advance from their academic advisor and the Office of Academic Records and Registrar. Students may obtain a form to request permission for concurrent registration from the Transfer Credit Evaluation Office. They must then initiate an evaluation of credit transferability and obtain their academic advisor's prior approval of the form to assure the acceptance of credit toward the degree for any courses taken at another institution. A credit evaluator in the Transfer Credit Evaluation Office can answer questions about this process. Students in the Graduate School must seek advance permission from the Graduate School. For more information, please visit: http://web-app.usc.edu/ws/soc_archive/soc/term_20122/reg_info/enrollment.html

Transcripts

Admitted students who have just completed their bachelor's degrees can send their final official transcripts directly to the central USC Admissions Office at the following address: File No. 51158, Los Angeles, California 90074-1158. Additionally, students can request their transcripts online for a small fee. For more information, please visit the USC Office of Academic Records and Registrar online at <http://www.usc.edu/dept/ARR/services/transcripts/generalinfo.html>

Additional Consideration for Graduate Students

Our Rossier School of Education student body includes a significant percentage of *international students*. The Master's Programs Office team understands that you will need to navigate additional processes when you arrive in the United States to begin your experience at Rossier. It is important that you reach out to us when you need assistance so that we can assist you along the way. Students may not register for credit at USC and another institution simultaneously without receiving permission in advance from their academic advisor and the Office of Academic Records and Registrar. Students may obtain a form to request permission for concurrent registration from the Transfer Credit Evaluation Office. They must then initiate an evaluation of credit transferability and obtain their academic advisor's prior approval of the form to assure the acceptance of credit toward the degree for any courses taken at another institution. A credit evaluator in the Transfer Credit Evaluation Office can answer questions about this process. Students in the Graduate School must seek advance permission from the Graduate School. Visa Status

If you have any questions regarding your status as an international student (such as visa-related issues), please contact the Office of International Services (OIS) at (213) 740-2666. This office is located in Parking Structure D (PSD) Suite 101 (ois@usc.edu). Most importantly, know that you must maintain full-time enrollment each semester to keep your immigration status. You may not

drop your courses or take a leave of absence without advance approval from OIS. For more information, visit the Office of International Services website at <http://sait.usc.edu/ois/intl-students/maintaining-status/guidelines.aspx>

Full-time Enrollment Requirement

International students on student visas must be enrolled as full-time students as determined by the Office for International Services and the department advisor. Such students are in violation of immigration laws when not properly enrolled. Any international student having questions about his or her immigration status should consult the Office for International Services at (213) 740-2666. There are a few acceptable reasons for requesting a reduced course load in a semester, and there is a special form for requesting this special dispensation. International students can complete and submit a Reduced Course Load (RCL) form to OIS (forms can be found here: <http://sait.usc.edu/ois/Upload/form/RCL.pdf>).

Language Assistance

Students who are concerned with their English proficiency are strongly advised to take advantage of USC's International Academy. You can learn more about the Language Academy at their website at <http://www.usc.edu/dept/education/langacad/>. English as a Second Language (ESL) courses are also available at USC's American Language Institute (ALI). Additional information can be found on the ALI website at <http://www.usc.edu/dept/LAS/ALI/>. You can also get additional help with writing skills from the USC Writing Center in Taper Hall of Humanities (THH) Room 216, and learn more about their services at their website <http://college.usc.edu/writingcenter>. Some international students may be required by the University to take ALI classes in addition to their Rossier coursework. These requirements are based on the student's scores on language exams and Rossier is unable to waive these requirements.

Registration

Registration

Students are responsible for monitoring their own registration, including knowledge of applicable deadlines. We recommend you check OASIS frequently to confirm your course list, drop deadlines, grades, and account balance. Pay particular attention to your activity restrictions and how to remove them. Check your course schedule on OASIS before the add/drop deadline of each semester and check again at the end of each semester to confirm that your grades were recorded as you expected.

"D" Clearance

Departmental clearance, or permission, for a student to register for a class. Class numbers with a "D" designation are restricted by the department offering the course, requiring students to obtain the department's permission ("D" clearance) before attempting to register. Telephone numbers and departmental locations are listed in the [Schedule of Classes](#).

Registration Process

Your registration time and date will be provided to you by your Academic Advisor. To register for classes, you will need to go to the Web Registration site by following these simple instructions:

1. Log on to <http://my.usc.edu> using your USC email username and password.
2. Scroll down to the box of “Single Sign-In Quicklinks” and select: Web Registration.
3. Select Term: Fall 2016.
4. You are now viewing the “Department List,” select Education (EDUC) from the list of USC departments. It is listed under Rossier School of Education, but alphabetized under “E” for Education.
5. When you click on Education (EDUC), it will take you to the full list of courses offered to all EDUC students.
6. The Course Number (i.e. EDUC 500) is listed on the left. Next to each course, you will find the COMPLETE list of sections and corresponding class times.
7. To add a section, click on “Add to myCourseBin.”
8. Repeat this process for all the courses for which you need to register. Keep in mind, the system will only allow you to register for the courses indicated for your specific term/cohort.
9. Once you have added all of your desired sections, go to the top of the page and click “myCourseBin.”
10. You will be directed to another page where you will see all of the classes you selected to add.
11. You will need to schedule each class into your calendar by pressing “Schedule” next to each section in the “Current Course Selection” area. You must press “Schedule” before you can register.
12. Next, you will click “Add This Class.”
13. Now you will need to click “Submit” to register for your classes. If you do not click “Submit,” you will NOT be officially registered for your classes.

Tuition Refund Insurance

USC offers an elective insurance program which is available to provide full coverage of tuition and mandatory fees, (excluding health insurance) for students who suffer a serious illness or accident, which makes it necessary for them to leave the university before the semester is completed. The Tuition Refund Plan is offered through a private insurance carrier, A.W.G. Dewar, Inc. We urge you to carefully read the information concerning the plan, found at <http://www.collegerefund.com/usc/>. You must accept or decline the insurance at the time you register each semester. If you accept the insurance, a small charge will be added to your student account. The rate charged can vary by a small amount each academic year. If you change your mind after you register, you must contact the Student Health Center before the end of the third week of classes. If you decline the insurance, and later need to withdraw from classes for medical reasons after the drop deadline, you will not be eligible for a refund of your tuition costs.

For more information about Tuition Refund Insurance, please visit the following link:
<http://arr.usc.edu/services/registration/tuitionrefund.html>.

Information Privacy

Students can request that the University not release any directory information about themselves. Institutions must comply with this request, once received, if the student is still enrolled at USC. Students who wish to restrict the release of directory information about themselves must complete a "Request to Restrict Directory Information." The information for that request can be found at <https://www.usc.edu/dept/ARR/forms/RestrictDirectoryInformation.pdf>

Students have the choice of restricting online student directory information, or they can restrict the release of all of their directory information. The completed form must be submitted in person to the Registrar's Office and must be accompanied by a photo ID. Students will be required to renew the request at the beginning of each academic year. Students who wish to restrict directory information should realize that their names will not appear in the official USC Commencement Program and other university publications. Also, employers, credit card companies, loan agencies, scholarship committees and the like will be denied any of the student's directory information and will be informed that we have no information available about the student's attendance at USC. Students who wish to have specific directory information released may do so by providing a written authorization to the Registrar's Office.

Full-Time Enrollment

To be considered full-time, a graduate student must be enrolled in a minimum of six units of 500-Level or above course work.

International students on student visas must be enrolled as full-time students as determined by the Office for International Services and the department advisor. Such students are in violation of immigration laws when not properly enrolled. Any international student having questions about his or her registration should consult the Office for International Services at (213) 740-2666.

Dropping and Adding Courses

All changes must be processed by web registration or through the Registration Department. Failure to withdraw officially will result in the mark of "UW," which is computed in the GPA as zero (0) grade points drop and add deadlines. It is the student's responsibility to learn and monitor those deadlines for each course in which the student is registered. These special session dates can be found in the calendar icon next to each course on the Online Schedule of Classes and on the student registration memo. A student may not withdraw from a course in which he or she committed or was accused of committing an academic integrity violation.

USC Web Registration Instructions

Helpful resources on how to successfully register and drop courses can be found on the following websites:

<http://arr.usc.edu/services/registration/webregistration.html>

<http://arr.usc.edu/forms/WebRegistrationInstructions2015.pdf>

Department Clearance

D-Clearance is the process by which the academic advisors reserve specific Master's Programs courses for students in the program. If you have any questions or concerns you will need to contact the academic advisor assigned to you.

Online Schedule of Classes

The most current version of the Schedule of Classes is available online from USC's main web page or directly at <http://web-app.usc.edu/soc/>. The Schedule of Classes is one source, in addition to the registration memos provided by the Program Office, of classes offered in a given semester, when the classes meet, the section and session numbers you need for registration, the faculty members assigned to classes, the meeting location, the capacity in the courses and the current enrollment numbers (so you can see how many spaces are left in a class). You may also find the course syllabus and the start and end dates of the session in icons to the right of each course listing. Most Rossier School of Education courses are department restricted; needing what is called a "D-Clearance" from your Program Office before you can register. The Program Office will send you an email prior to each semester with registration and D-Clearance information.

My USC Web Portal

MyUSC is the university's portal, designed to give students, faculty and staff personalized access to wide-ranging campus resources in a single location, including announcements, email, Blackboard, OASIS, and Web Registration. It can be accessed from USC's main web page or directly at <http://my.usc.edu>. Your USC username and password are the same ones you would use to access email using the USC E-mail system.

Online Academic Student Information System (OASIS)

OASIS can be accessed via <http://camel2.usc.edu/OASIS>. By using OASIS, you can monitor your student record, including registration, current and past courses, account balance, activity restrictions, address change, and more. It is your responsibility to review OASIS prior to registering for courses each semester and to notify your academic advisor of any discrepancies. You are encouraged to also check OASIS periodically throughout the semester, especially after each time you add/drop or make any changes to your classes. When you first login, you will be asked for your 10-digit USC Student ID Number, which can be found on any letters you received from Admissions, and a Pin Number, which is your 6-digit birth date. For example, if you were

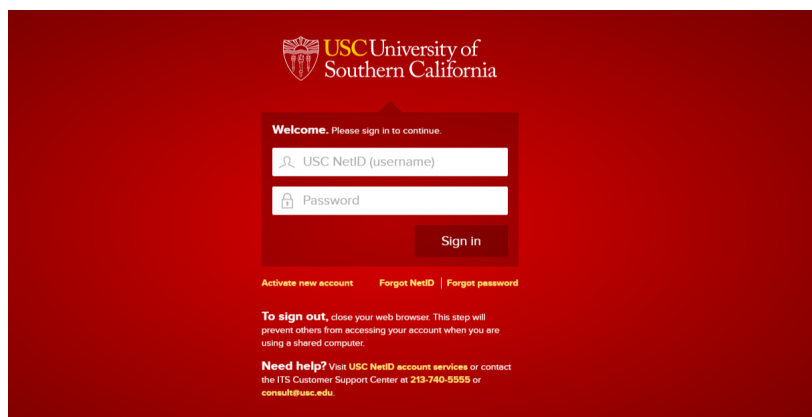

born on January 1, 1980, your pin would be 010180. You will be required to change your password after your first login.

Students may access their STARS reports on OASIS, as well as an abbreviated version called the STARS Audit. You can access your STARS report through MyUSC or OASIS.

To view via MyUSC (<https://my.usc.edu>)

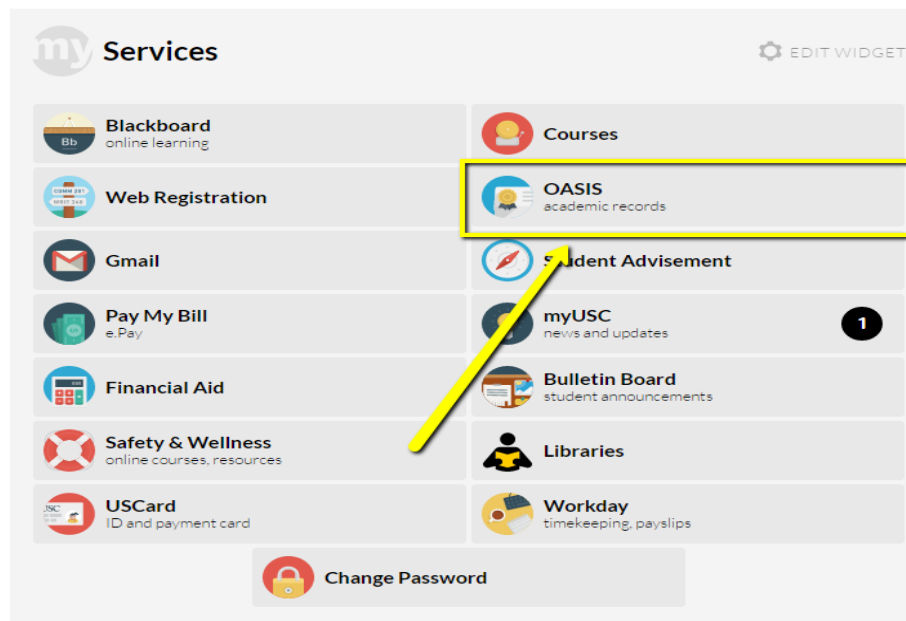

Step 1: Log in on the upper right hand corner.

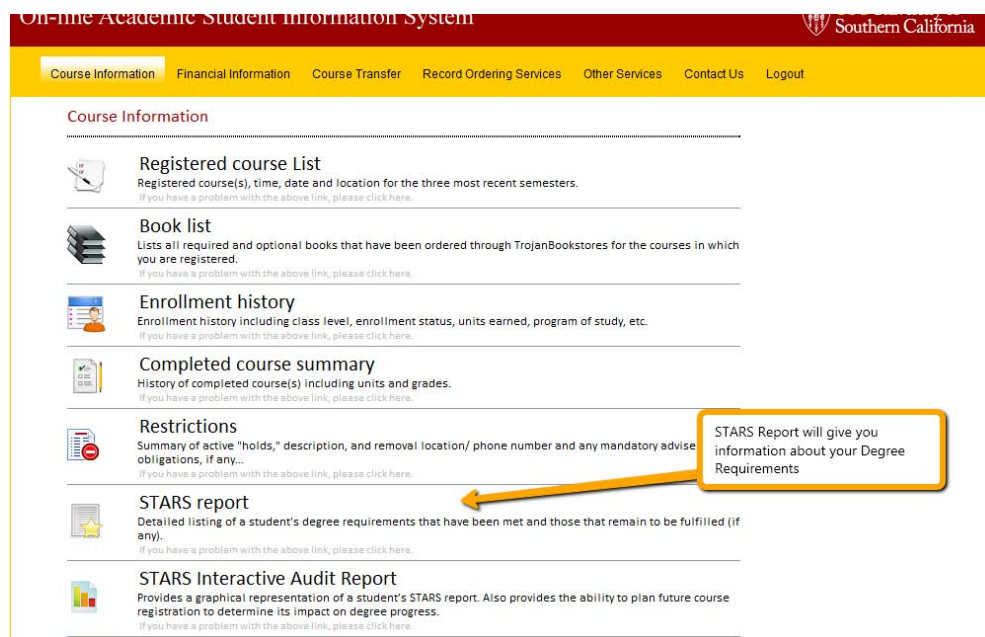

Step 2: Enter the USC ID and password you use to access USC email. Proceed by clicking **Login**.

University Resources and Services

Student Health and Counseling Services

Student Health Services, located at the Engemann Student Health Center, 1031 West 34th Street Los Angeles, CA 90089-3261, is structured for students registered for classes on the University Park Campus. A wide range of medical services are offered to help students maintain an optimum level of physical and mental health and to guide them in the prevention of illnesses. Students with immunization holds on their registrations can have proof of immunization recorded at the Student Health Center or can be immunized at the Student Health Center. All students will be charged a Student Health Center fee each semester whether or not you indeed use the Health Center during that semester. If your classes are not on the Los Angeles campus, or if you are a USC staff member, you should request a waiver of the Student Health Center fee each semester by picking up a form on campus at 1031 West 34th Street. You can contact them by phone at (213) 740-9355 for more information.

The University requires all new students to provide proof of measles immunity prior to registering for class. International students are also required to provide a tuberculosis test. More information can be found at: <http://engemannshc.usc.edu/>.

The University requires that ALL students have supplemental health insurance. This will help to cover the cost of health care that cannot be obtained at the Health Centers, especially in emergency situations where hospitalization may be required. All students carrying six units or more, international students and Health Sciences campus students are automatically enrolled in the USC Student Health Insurance Plan. The Health Insurance Plan works in conjunction with the University's Student Health Centers. For this reason, all students enrolled in the USC Student Health Insurance Plan are required to pay the Student Health Center Fee. Enrollment in the Health Insurance plan may be waived only if documented proof of adequate health coverage from another plan is presented to the Student Health Services Office at the Student Health Center on campus, and the waiver must be submitted each fall semester.

For additional information on student health insurance, please call (213) 740-0551 or go to: <http://engemannshc.usc.edu/insurance/>.

Bookstore

The USC Bookstore provides texts and readers for some courses, as well as general interest books, USC clothing and gift items. The University book store is located at 840 Childs Way Los Angeles, CA 90089. Hours are as follows:

Saturday 9:00 a.m. - 5:00 p.m.

Sunday 10:00 a.m. - 5:00 p.m.

Booklists for your registered courses can be obtained on OASIS and from your academic advisor. To save a trip to campus, you can request that the Bookstore mail your course material

purchases to your home for an additional fee. If you do plan a trip to campus to purchase your course materials, call the Bookstore first to ensure copies are available at (213)740-TEXT/ (213) 740-8398.

Disability Services and Programs

Disability Services and Programs (DSP) is located at the USC University Park Campus in the Student Union 301, Los Angeles, CA 90089. Disability Services and Programs provides support services necessary to enable students with disabilities to develop their maximum academic potential while having the dignity to work independently.

As part of the Division of Student Affairs, DSP is dedicated to fostering the independence of students with disabilities. This primary focus on mainstreaming and self-advocacy encourages students with disabilities to achieve and maintain a high level of autonomy in the campus community

DSP services include the following:

- Assistance in providing tutors, learning assistants, readers, scribes, note-takers and/or interpreters;
- Advocacy with faculty;
- Special accommodations for test taking needs;
- Assistance with architectural barriers;
- Assistance in obtaining books and supplies from the University Bookstore;
- Information regarding accessible seating at USC sporting events;
- Auxiliary aid equipment loans;
- Assistive Technology; and
- Support for individual needs that are unique to a student's disability

For more information, please contact them at (213) 740-0776 or via email at ability@usc.edu. Please visit their website at http://sait.usc.edu/academicsupport/centerprograms/dsp/home_index.html .

USC Center for Women & Men

The USC Center for Women & Men exists to facilitate the success of students, faculty, and staff by providing innovative opportunities for leadership and scholarship and by offering advocacy and confidential counseling to those who have experienced gender-related harm. Through its educational programs, the Center fosters a better understanding of feminism, healthy masculinity, and gender equity. Above all, The USC Center for Women & Men serves as a haven for students, staff, and faculty. For more information, visit their web page at <http://www.usc.edu/student-affairs/cwm/> or contact them at (213) 740-4900.

Information Technology Services (ITS)

As a new student at USC, you will want to access the Internet, e-mail, and print and digital library resources as soon as possible. The Information Technology Services Division provides these and many other means to access and use information. Before you can take advantage of what ITS has to offer, you need to have an USCard, the standard identification card for all USC students. Once you have your USCard, you will be able to activate your USC computer account and library privileges. For additional information about any of the resources and services offered, visit ITS's Web page for new students at <http://itservices.usc.edu/help/students/>.

Computer Account

As a USC student, you will receive a USC user name and password that provide you with access to the following information services:

- Free e-mail, by which you will receive most official University and Ed.D. communications;
- Access to library catalogs and databases from locations outside the libraries and public user areas; and
- Access to computers in all ITS public computing centers.

To take advantage of these services, you need to activate your USC user name at the "First Login" website at <https://secweb.usc.edu/cgi-local/firstlogin/showform?form=activate>. Complete the online form, read the policies, and choose a secure password to activate your account. Once your account is activated, you will be able to use the public computers. For more information regarding your account, including changing your password, account quotas, or renewal, please go to <http://itservices.usc.edu/usc-accounts/>. If you need assistance, please call the ITS Customer Support Center at (213) 740-5555 to speak with a computer consultant or ask for assistance at the service desk of any public computing center.

USC Email

Email has been adopted as the primary mechanism for sending official communications to USC students. Students, therefore, must check their USC email accounts regularly in order to stay abreast of important messages and notifications. Failure to read official university communications sent to students' official email addresses does not absolve students from knowing and complying with the content of official communications. Instructors may use students' USC email addresses as the official out-of-class means of communicating with students registered in their classes. Students must comply with course requirements communicated to them by email.

Check your USC email account regularly for messages from the Master's Programs Office concerning registration, news, and events. Faculty will send important assignments, changes and announcements for class meetings, and other notices to your USC email address only. Instructors and Master's Programs Office staff will not send email to non-USC accounts (e.g. hotmail, gmail, yahoo, AOL, .k12.ca.us). Instructions on how to forward your USC e-mail account to

another account that you use more frequently can be found on the iPlanet website at <https://email.usc.edu/> . You will also need to be aware of whether your account is approaching its storage quota—if your account goes over quota you will not be able to receive essential emails from instructors and USC administration.

Identification Cards/USCards

Your USCard may be obtained from the USCard Customer Service Offices located in first floor of Parking Structure X (PSX) adjacent to McCarthy Quad. Students are required to obtain a student ID card during his/her first semester at USC. Cards issued after a student's initial semester of enrollment are subject to a service fee.

A USC ID card is a must for all USC students and should be carried at all times while on campus. The card, which identifies you as a currently enrolled student, also entitles you to various other privileges and potential uses on and off campus. Your student ID entitles you to use the University Library System, the Lyon Center, and other recreational facilities.

You may open an account with the USCard Office, which will enable your ID card to function as a debit card. The debit card can be used to purchase a variety of products and services the university offers. For more information on your ID card, visit <http://www.usc.edu/uscard>.

Libraries

USC has more than a dozen libraries that feature specialized collections and archives. If you are not sure where to start, USC's gateway library, Thomas and Dorothy Leavey Library, is the place to go. The staff at Leavey Library can help you with your research needs and provide referrals to the other libraries on campus. For a complete list of all USC libraries and links to their homepages, visit the ITS's "Libraries at USC" Web page: <http://www.usc.edu/libraries/locations/> . For an updated list of library hours, visit the "Hours and Locations" Web page at http://www.usc.edu/libraries/hours/all_libraries/.

The USC library catalog, which is available on the Web at <http://www.usc.edu/libraries/>, will help you locate books, periodicals, government documents, and dissertations held in libraries on the University Park campus. For digital library resources, including a vast collection of article indexes, catalogs, dictionaries, encyclopedias, electronic journals, visual materials, and much more, visit USC's "Subject Resources" page at <http://www.usc.edu/libraries/index.php>.

It is possible to configure your home computer to access the USC Library electronic resources. To find out more information call (213) 740-5555.

Rossier's own ***Education Information Center*** provides access to library services for the Rossier School of Education. The Information Center is exclusively for graduate students in the Rossier School of Education. It is equipped with computer work stations and study space. Books and journals in the field of education are housed in the Doheny Memorial Library. For assistance,

please contact Melanee Vicedo, Head of Education and Social Work Library Services at (213) 740 0545 or by email at vicedo@usc.edu.

Campus Security

The Department of Public Safety is located on the first floor of Parking Structure A. Emergency calls should be made to (213) 740-4321 and non-emergency calls to (213) 740-6000. In addition, emergency phones are located strategically throughout the campus. Many are marked by a blue light to aid in nighttime identification. The phones are connected directly to Public Safety and identify the location of the phone in the event the caller is unable to talk. The phones can be used to request an escort, to report suspicious persons or activity, and to report crimes.

When an emergency occurs, authorized senders can instantly notify you using TROJANS ALERT. TROJANSALERT is your connection to real-time updates, instructions on where to go, what to do, or what not to do, who to contact, and other important information. You can be notified via text messages to your email account (school, home, office, etc.), cell phone, pager, Smart Phone or handheld device, or land line. Register at <https://trojansalert.usc.edu>.

Athletic Facilities

Recreation facilities are open to USC students with current USC identification. The Lyon Center, located near the northwest corner of campus, houses a 21,800 sq. ft. gym (for basketball, badminton, and volleyball), conference rooms, sauna and Jacuzzi, equipment rental and sales, men's and women's locker rooms, weight room, four racquetball courts, a squash court, stretching and punching bag areas, SCycling/multi-purpose room, group exercise studio, basketball, volleyball, wrestling, and cardiovascular equipment.

To access any Lyon Center, McDonald's Swimming Pool, HSC Fitness Center privileges and services USC Students must complete a General Release of Liability Waiver. This waiver only needs to be submitted once and will remain in effect until you leave USC. You can sign the waiver online at <https://elmer.uscard.usc.edu/>

Dining Facilities

USC's Hospitality Services offers a variety of dining options, including The Tutor Center, Cafe 84, Trojan Grounds, LiteraTea, and Popovich Cafe. A schedule of operating hours is available at <http://hospitality.usc.edu/restaurants/retailcafes.aspx> . Your USCard can be used at all retail campus dining facilities. No personal checks are accepted, and credit cards are accepted only at limited locations.

USC Transportation| USC Auxiliary Services

USC Transportation provides its students with parking permits, bus transportation, as well as campus cruiser accessibility. Master's Program Office Calendar Events

Assessment Bootcamp

The Assessment Bootcamp is a one-day event that will provide a knowledge base in basic assessment planning and design. Participants will focus on planning, implementation, and presenting assessment results. Participants who complete the full boot camp will receive an Assessment Certificate of Completion.

LDT Culminating Event

Upon completing the program, the program office hosts an end-year event at which LDT students and faculty celebrate their momentous achievement. The event includes remarks from faculty, staff, and students and is typically held the week of the Rossier Master's Commencement Ceremony in mid-May.

Fall Open House

At the beginning of the fall semester, the Master's Program Office hosts a welcome week of events to provide students a chance to see our office and interact with staff and their cohort mates. The Open House is held during the first week of classes, and the staff organizes theme days with refreshments and activities.

Finals Study Break Lounge

The Study Break Lounge is a place for all Master's Program students to come throughout the day to have a safe space to study, refuel on snacks, and take a breather. We hope that this designated area can help with the stressors that comes along with finals. There is no need to RSVP for this event. All are invited.

Master's Program Office Newsletter

Published every other month, the Master's Program Office Newsletter is distributed to prospective students, faculty, students, alumni, and the Trojan community. Inside are messages from our faculty, staff, and student highlights. Important dates and events are also noted for students' convenience. The newsletter was created by MPO to help create a presence for graduate students within the university and keep each person up-to-date with the latest information that flows through the office and department.

New Student Orientations

New Student Orientations serve as an introduction to USC as an institution and Rossier as a department to accepted students. Each Program (LDT, MFT, EC, and PASA) each hosts its own orientation. During the orientation, students are given the opportunity to meet their cohort peers, faculty, staff, and other special guests.

Pinning Ceremony

Just developed last year, the Pinning Ceremony is the perfect way to say farewell to our beloved students, and a passing of the torch to the arising second year students. During this event, representatives from the graduating class will come and pin the first years as they continue their quest toward graduation. Participants from all master programs are welcome (LDT, MFT, EC, and PASA). Those who attend will receive a pin with their graduating year on it, which may be worn during their graduation ceremony the following year! More information will come soon!

Appendix A

Master's Programs Student Conduct Agreement

USC Academic Policies allow faculty and academic advisors to consider factors other than passing grades and adequate GPAs in determining whether a student is making satisfactory academic progress. These factors are included in the program's Conduct Standards, which are described in detail below. All students are required to abide by these Conduct Standards as a condition of enrollment in the program.

Students who do not uphold the Program Conduct Standards are subject to dismissal from the program, even if they are earning passing grades. In less severe situations, however, a student who is not meeting the Program Conduct Standards may be offered the opportunity to remain in the program by working with program staff to develop a remediation plan which may include, but is not limited to, repeating a course, doing extra work to become proficient in an area of weakness, obtaining personal counseling where appropriate.

Conduct Standards Agreement

I understand that I am enrolling in a graduate program, and that graduate school requires a high level of maturity, flexibility, dedication, and personal responsibility. I understand that training programs require an especially high level of these behaviors, and agree to conduct myself accordingly at all times during my training. I understand that failure to adhere to these standards may result in remediation or, in severe cases, be grounds for dismissal from the program.

As a student of the Rossier School of Education program at USC, I agree to abide by the following conduct standards. I will:

Demonstrate Commitment to the Academic Process. I will treat my training program as I would any other professional position. I will conduct myself appropriately during class or training sessions. I will be prompt and attend class sessions in their entirety. I will submit my work on time. I will participate in class discussions and will be prepared to give constructive feedback. I will turn in only my best work. I will come to class prepared and ready to discuss the readings/topics. I will refrain from inappropriate computer or cell phone use during class. I will carefully consider how my dress and appearance impact my professional credibility. I will refrain from distracting behaviors. If I am unable to meet these standards, I will inform my instructor.

Demonstrate Commitment to Field Work. I will, at all times, adhere to the professional, legal and ethical guidelines, as they relate to EC candidates. I will abide by all rules for professional conduct established by the schools or other institutions in which my field work takes place.

Proactively Manage my Academic Program. I will familiarize myself with university policies, procedures, dates, and registration deadlines by consulting the university catalogue issued my first year of enrollment and the schedule of classes for each semester (<http://www.usc.edu/academics/classes/>).

Uphold USC Academic Integrity Standards. I will familiarize myself with the university policy on academic dishonesty (<http://www.usc.edu/student-affairs/SJACS/acadresources.html>), and will abide by the proper writing and citation methods outlined in the APA Publication Manual.

Accept and Act upon Personal and Professional Feedback. I will be open to constructive personal and professional feedback, and will incorporate suggestions made by faculty and peers that will improve my work as a practitioner.

Proactively Manage Personal Issues. When I am dealing with a personal issue that impedes my progress in the program, I will inform my professors and advisors as soon as reasonably possible to develop a plan to continue or suspend my work in the program until the issue is resolved, so that I am not penalized for poor performance as a result of the stress I am experiencing.

Respect Others. I will always be respectful to others by maintaining a professional demeanor in my interactions with peers, staff, faculty, students, and mentors. Consistent with USC's Policy on Non-Discrimination, I will, at all times, refrain from discriminatory behaviors toward others regarding race, color, ancestry, religion, sexual orientation, national origin, age, marital status, or disability.

Seek to Resolve Grievances. Should I have a grievance that affects my work in my program, I will first approach the person with whom I have a grievance and try to settle the dispute on my own. Should I be unsuccessful in settling the dispute on my own (or feel intimidated in any way), I will notify my Academic Advisor. I understand that if the dispute is not adequately settled, the next steps in my recourse are available in SCampus, which I can obtain on-line at <http://www.usc.edu/dept/publications/SCAMPUS/>.

Proactively Seek Disability Assistance. Should I have a disability and need reasonable modifications, special assistance, or accommodations in my courses, I will promptly register with Disability Services and Programs on campus, and direct my request to my professors at the *beginning* of the semester. If I think that the modifications, special assistance, or accommodations offered are inappropriate or insufficient, I will seek the assistance of the

Director of DSP.
