Committee Chair

I understand that both 794A and 794B are required for the Ed.D. degree and further that I must continue to register for 794 until I complete my dissertation. In order for me to avoid registration in a 794 course in the fall or spring, my committee must assign a final typing date prior to the add/drop deadline for that semester.

Student's Signature and Date

Approval of Committee Chair

The student has successfully passed the qualifying exam and has my permission to enroll in 794 as requested.
